Comapny Profile

CAROL TEXTILE was established in Oct.1980.

We're providing functional woven fabrics for sports / outdoor use.

Employee Number: 120 persons

COMPANY CAPITAL: US \$ 3.5 million

Capacity : 1.5 million yards per month of finish goods

2021 Sales volume US\$40 million

Dyeing mill:

Area of factory : 6100 square meters

Capacity : 0.8 million yards per month

Employee Number: 60 persons

Dyeing mill Profile

- Specializing in nylon & polyester — stretch & non-stretch fabrics.
- Focus on lightweight, 2-way & 4-way stretch materials.
- Expanding into recycled products.
- Functional finishes: Wicking, CO DWR, and more.

Click the image to watch the factory introduction video

Subcontract Mill

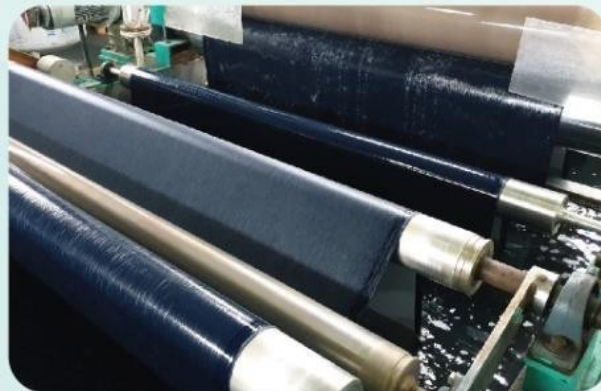

Weaving capacity: 3 million yards per month

- Air-jet looms: 245 units
- Water-jet looms: 415 units

Printing: Digital print, Sublimation print, Roller print, Screen print

Finishing: Peaching, Brushing, Embossing

Performance: Lamination, Coating, Bonding

Testing Method of Lab

- | | |
|--|--|
| ■ Heat Shrinkage of Fabrics | ■ Color Fastness to Washing |
| ■ Dimensional Change in Home Laundry | ■ Color Fastness to Perspiration |
| ■ Random Tumble Pilling | ■ Color Fastness to Water |
| ■ Snagging (ICI Pilling Box) | ■ Color Fastness to Crocking |
| ■ Seam Slippage | ■ Color Fastness to Chlorinated Water |
| ■ Tear Force of Woven Fabrics (Single Tear) | ■ Color Fastness to Sea Water |
| ■ Fabric Weight | ■ Color Migration of Fabrics |
| ■ Cuttable Width | ■ Phenolic Yellowing |
| ■ Martindale Abrasion | ■ Color Fastness to Artificial Daylight (International) |
| ■ Skewness in Woven Fabrics | ■ Color Migration Test for Dyed Fabrics and Sublimation Prints |
| ■ Resistance to Surface Wetting (Spray Test) | |
| ■ Resistance of Fabrics to Penetration of Water | |
| ■ Rain Test | |
| ■ Water Absorbency | |
| ■ Tensile Strength for Woven Fabrics (Grab Method) | |

Test Lab & Color Management

adidas Lab Level III

adidas
GROUP

Level III Laboratory Accreditation Certificate
Carol Textile Co., LTD. (Heng Neng Industrial Co., LTD of the lab)

is approved to perform and interpret testing for adidas Group Materials in the laboratory located at No. 33, Long Kong South Road, Tao Yuan Hsien, Taiwan according to the procedures detailed in the adidas Group Global Materials Quality Manual, and according to the rules of the Accreditation Scheme.

The following technical staffs are hereby authorized to perform this activity on behalf of Carol Textile Co., LTD. (Heng Neng Industrial Co., LTD of the lab)

			
Ms. Yung-Tsun	Ms. Hsin-Ping Li	Ms. Li-Li Tseng	Ms. Wen-Ling Fu

Social Responsibility

Date: August 29, 2025

Dear Valued Partner,

Since March 2024, Carol Textile has undertaken a series of proactive reforms to enhance the protection of migrant workers' rights. These initiatives include:

- Implementation of a **Zero Recruitment Fee Policy** effective September 1, 2024
- Waiver of accommodation and meal charges, with subsidies provided for off-site housing
- Launch of a **Migrant Worker Fee Repayment Program** beginning September 2025

These measures reflect our commitment to building a fair, transparent, and responsible workplace that aligns with international human rights standards.

In recognition of our long-standing partnership and your brand's leadership in advancing human rights and social responsibility across the supply chain, **we sincerely invite your support in sharing part of the costs associated with these migrant worker programs.** With your collaboration, Carol Textile can ensure the long-term sustainability of these reforms while upholding higher ethical standards in our operations.

We firmly believe that by working together, we can not only address immediate challenges but also strengthen the supply chain and move it toward greater responsibility and shared value.

Thank you for your continued trust and support. We look forward to exploring feasible models of collaboration with you.

You're welcome to email us at lilian@caroltex.com or contact the responsible person directly.

Warmest Regards,

Jacky Liu, General Manager
